Victorian Vanities,
dedicated to promoting
Victorian life.

746 South Fourth Street
Philadelphia, PA 19147

Come to a Fashion Consultation!

Are you wondering about how to put together a proper Victorian outfit?

Should you wear a corset and which is the best kind and most comfortable?

Are you looking to be comfortable, and period correct?

Where do you start looking for all this information?

A Fashion Consultation will answer some of these questions for you! Over tea and pastries we will look at your need for a corset and examine the various types of corsets available. We will look at boning options and whether a period corset is right for you. We will look at my rack of period clothing and if something suits you, you may buy it right away or have something made for you. We will pore over period fashion catalogs, and period patterns. We will examine my exquisite beaded bag collection and exchange stories from the Victorian Era. We will eat what they ate and you will experience a Victorian Atelier visit similar to ones experienced by Victorian women who visited their dressmakers once a year.

By the time you leave, you will have a working knowledge of how to put together a proper or proper-looking Victorian outfit, what is the most comfortable way for you to wear your very own Victorian outfit along with the best and most economical way to acquire your Victorian wardrobe.

I charge thirty-five dollars for this Consultation. You may contact me either by telephone, 215-238-9330, or by e-mail (rochellec@victorianvanities.com) to set up your own Fashion Consultation.
