

## Victorian Pastimes

This perennial favorite returns once again with all new origami animals AND a new slideshow! Campers **LOVE** making pipe cleaner people. Pin the Nose on the Clown is popular with all age groups.

## A Centennial of Independence NEW

Designed exclusively for campers **under nine years old**, this workshop teaches color, shape, and symbols in artwork. Campers draw themselves into a similar piece of art and learn to perform the square dance seen in the painting.

## India

**Raft way with us** as we explore the mysteries of the sub-continent of India. Campers learn why India is important to the United States and the world. They learn about the Diwali holiday and create Rangoli patterns out of magic beads to celebrate.

## Philadelphia's Golden Age

In this workshop campers become acquainted with **prominent African-Americans** who made fortunes in the 19th century. Campers **decorate small trinket boxes** to hold their collections of stamps, coins, shells, and flowers, just as Victorian children did.

## Memories of World's Fairs

**Join Buffalo Bill and Victorian Vanities** as we explore the wonders of technology through four World's fairs: 1876, 1893, 1939, and 1967. In this, our most popular workshop of 2011, **students meet Buffalo Bill Cody**, a true American hero, learn to make **geodesic domes** out of toothpicks and gumdrops and make **robots** to race with each other.

## China (NEW)

In this brand new workshop campers learn about the exciting culture of China. **They paint dragons of their very own** and learn about the seven different species of dragons. Campers play a **multiple-choice game** that teaches about the culture and economy of China.
